Dear Paralegal Faculty,

---

**RE // PRACTICAL TRAINING FOR PARALEGAL GRADUATES**

---

We are indeed honoured to be writing this letter to you.

SPC is a Paralegal Practice that has been successfully operating for the past 4 years. During the course of our practice, we have had voluminous requests from Paralegal Students and Graduates for either, internships, volunteering or mentoring due to paralegal graduates not being employed because they lack experience or don't have the necessary training. We have succeeded in providing volunteers with ample training and they have successfully ventured into the field of Paralegal Practice.

With the above being said, the Members of SPC would love to provide Paralegal Graduates in South Africa with a Practical Training Programme that runs for 6 months and upon completion of the Training Programme, they will receive their PTP Certificate (Practical Training for Paralegals). At SPC our motto is that ,“where there aren't any opportunities, create them!”. If Paralegals won't be employed by organizations, then they can open and successfully run their own Paralegal Practices with the aid of the SPC Practical Training for Paralegals.

Attached herewith is our flyer with all the details of the Practical Training Programme. We would very appreciate for the Institute to inform its students of the Programme because we believe that it will be a useful tool and very beneficial to your Paralegal students and graduates.

With your approval. We would be honoured to personally deliver hard copies of the flyers to enable the institution to furnish its students and we can have the opportunity to briefly tell them about the Programme.

Your response will be highly appreciated.

Yours sincerely

TP MKHONDO
